

# Do Right By Your Woman

## Bad Company

Do right by your woman, she'll do right by you  
Do right by your woman, she'll do right by you  
Well you always gave me loving, though I treated you so bad  
Changed my mind about wasting my time  
Spending money and drinking wine  
Do right by your woman, she'll do right by you  
Do right by your woman, she'll do right by you  
Well you always gave me loving, though I treated you so bad  
I was changing my mind, wasting my time  
Spending money and drinking wine  
Do right by your woman, she'll do right by you  
Do right by your woman, she'll do right by you  
What I say, do right by your woman, she'll do right by you  
Do right by your woman, she'll do right by you  
Do right by your woman, she'll do right by you  
Do right by your woman, she'll do right by you
