

# Hell to Pay

## Death Angel

You've gained my trust, and friendship  
And then you flushed it away  
In a moment of selfish deploring  
The fragile Prince. Another public display  
Reaction's lethal from me  
I rise to face  
You brought this situation  
Unchallenged... You'll break!  
This world it owes you nothing  
You take the easy route  
You're so blind with no self motivation  
Except to end things so you can go out  
Lurid speaker You toxic feeder  
There's no Damage on the way  
Selfish user Trust abuser  
There will be Hell to pay  
Trust forsaken Advantage taken  
No has your back  
Bold faced liar Corrupt desire  
Full blown assault attack!  
You bend my ear. It's torment  
When things don't go as planned  
Your attitude suggest a spoiled loser  
Another superstar A superman  
You should have thought this through  
Hell to Pay
