Jet Set Boy.

Electrocute

You got your jet set boy an automatic pilot
Yeah, I can teach you something if you would just try it
Oops, I didnt do it, but did you like it?
Well youre playing games puppy, dont try to deny itCall you on the phone but it was disconnected
Switchboard operator got the lowest common dominator
Couldnt help but feel a little bit rejected
Switchboard operator got the lowest common dominatorTil I went to your house and I figured it out
That your lights were on but nobodys home!
Da da da da da dada
Da da da da da dada
(Nobody ahh!)
Da da da da da dada
Da da da da da dadaHey, Ill teach you a lesson in stupidity
Yeah, Ill make you a star, Ill put you in the movie
You're an inflatable doll, but your head is stuck in the wall
Oh, youre good for a laugh but, but thats about allCall you on the phone but it was disconnected
Switchboard operator got the lowest common dominator
Couldnt help but feel a little bit rejected
Switchboard operator got the lowest common dominatorTill I went to your house and I figured it out
That your lights were on but nobodys home!
