Far, Far Away

Wilco

Far, far away from those city lights

Might be shining on you tonight

Far, far away from you

On the dark side of the moonI long to hold you in my arms and sway

Kiss and ride on the CTA

I need to see you tonight and those bright lights

Oh, I know it's right, deep in my heart I'll know it's rightBy the bed, by the light that you read by

By the time that I get home to say "Good night"

I need to see you again on the dark side, my friend

On the dark side
