

Tonight

Trick Daddy

You lookin' real good baby, yes you is
I just want you to know I had a wonderful time this evening
But unfortunately I guess this part of the story
Well, we tell each other goodnight, nah how about this
How about I break all the rules and tell you what I really been thinkin'
Girl you got the big ol' ass and bow legs and fine hair
And all the shit that I want, sexy motherfucker
You acting like you want it right now
Let a nigga know, is we gon' fuck tonight
My dick is gettin' rock hard, oh my god
There's gonna be some fuckin' tonight, take your panties off
Move your panties off to the side
And let a nigga know, is we gon' fuck tonight
See good pussy will bring the freak out ya
But if you eat it and don't get cheated the first off I beat the breaks off her
No sense in half-steppin', get serious
Get the titties suckin' like clit rubbin' and ass grabbin'
I eat that pussy ass backwards
A few strokes with this long warm tongue should make that pussy cum
So much for round one, I spend a whole round two and back again
Stick in move, stick in move
Girl you got the big ol' ass and bow legs and fine hair
And all the shit that I want, sexy motherfucker
You acting like you want it right now
Let a nigga know, is we gon' fuck tonight
My dick is gettin' rock hard, oh my god
There's gonna be some fuckin' tonight, take your panties off
Move your panties off to the side
And let a nigga know, is we gon' fuck tonight
I need a real man, I'm sick of playin' with lil' boys
I'm tryin' to explore more like hot oils and sex toys
I can't keep fakin', man, I'm so backed up and I can't eat, I can't sleep
My knee's weak makin' and they keep shakin'
I need a real nigga to come save me, one who pamper me
And bathe me and make me wanna swallow his baby

Talk thug shit while he fuck me crazy
From the back or in the butt I'm like fuck me baby, fuck me baby
Girl you got the big ol' ass and bow legs and fine hair

And all the shit that I want, sexy motherfucker
You acting like you want it right now
Let a nigga know, is we gon' fuck tonight
My dick is gettin' rock hard, oh my god
There's gonna be some fuckin' tonight, take your panties off
Move your panties off to the side
And let a nigga know, is we gon' fuck tonight
All that matters is I can get you wet again
Suck you, fuck you better than any other nigga can
I specialize in multi orgasms
Gettin' rid of back spasms and do it all without Viagra
I'll fuck you all night, make you sleep all day
Treat you to breakfast then eat you for breakfast
I know baby I'm so unselfish
But you're lovin' it besides I'm a freak so I can't help it
All I need is old slow songs
One cold shot of patron, see you walk around me in a thong
And it'll be over before the chorus come back on
You'll be leavin' and I'll be ab libin' and we'll be singin' our damn song
Just like the first time we made each other cum
We'll be suckin' and fuckin' each other and taste each other cum
No soul alive can erase what we done
And all our horny sticky memories is stuck to me permanently
Girl you got the big ol' ass and bow legs and fine hair
And all the shit that I want, sexy motherfucker
You acting like you want it right now
Let a nigga know, is we gon' fuck tonight
My dick is gettin' rock hard, oh my god
There's gonna be some fuckin' tonight, take your panties off
Move your panties off to the side
And let a nigga know, is we gon' fuck tonight, yeah
