America's Song

Will.i.am

[WILL.I.AM]
From Delaware to Tennessee to Hawaii
From mountain tops
We have dreams from sea to shining sea
And now here we are

[FAITH HILL]
We have come
We have prevailed
Who so ever dreamed, this is your will
Here we are
Here we are

[SEAL (FAITH HILL)]
At the dawn,
At the morning
Of a brand new day (a brand new day)
For all (for all)
In the spirit of our fathers

[SEAL, FAITH HILL, WILL.I.AM]
America
America
America is beautiful (beautiful, yes it is)
My America
Your America
Our America is beautiful

[SEAL, FAITH HILL]
And may God (may God)
Keep us together
Cause America (America)
Is beautiful (beautiful)

[BONO]
May liberty and justice ring for all
Let your dreams stand tall
May opportunities fall upon you
In the land of the free

[MARY J. BLIGE]
We have come
And we have prevailed
Who so ever dreamed, this is your will
And here we are
Here we are

[BONO (MARY J BLIGE)]
At the stars
And the risen
Of a brand new day (of a brand new day)
For all (for all)
In the spirit of the fathers (spirit of the fathers)

[ALL]
America
America
America is beautiful (beautiful, yes it is)
My America
Your America
Our America is beautiful

America
America
America is beautiful (beautiful, yes it is)
My America
Your America
Our America is beautiful

America
America
Is beautiful to me
