Void

Superchunk

I had something pictures
That was an unspoken promise
You want to build the frame
When you'll hear the whistle
I want ever platform loaded
I'll be on the chain
Hard is this familiar?
Massive packs of cameras and listen
This is what we do!
I hear, see the laughter
Feel it of my .. eye
I look for you.And all I see, all I say
Is a void.
All I see, all I say
Is a void.Maybe if you keep your
Hand out on the paper
You can't feel me and
I've been left to .. with
That's my ..support my windows
When I say heyAnd all I see, all I see
Is a void.
All I see, all I see
Is a void.
And all I see, all I say
Is a void.
