Go Tell My Brothers

Southern Raised Bluegrass

GO TELL MY BROTHERS
C F
I was reading my Bible, when I found a prayer,
G C G
It broke my heart, there was a great sorrow there,
G C F
See the rich man had died, and in hell he prayed,
G C
But he did not receive, the request he had made.

G C F
Oh just one drop of water, for to cool my tongue,
G C
One moment of comfort, oh but there came none,
G C F
See the hands of time, they turned and walked away,
G C
And left him with his memories, and unquenchable flames.

Chorus;
C C F
He cried go tell my brothers, not to come to these flames,
G C
Oh tell them God loves them, and heâ€™s eager to save,
G C F
And go find my family, and teach them Gods ways,
G C
Go tell my loved ones, not to come to this place.

G C F
Oh remember your lifetime, you received your good things,
G C
You had No time for Jesus, or heavenly things,
G C F
But now the saints have their comfort, and youâ€™re left to your pain,
G C
And the preacher who warned you, well he still preaches the same.
