

# Lies (Wicked C.L.U's BBD Mix)

**DJ Bobo**

Lies, lies, don't tell me lies  
Before you talk to me, you better think twice  
Lies, lies, don't tell me lies  
I lost my heart but you are cold as ice  
Lies - nothing bad for you  
Just another pair of shoes you gonna get through  
To - get a better plan any kind of man will do,  
To satisfy you, that's true  
Like slow poison - you captured my mind  
Thank god, I was right in time  
To get another sign, my tape does not rewind  
You're the lesson I've learned, I'm just a little burned  
I'd stop the rain from falling if you asked me to  
I'd take the stars out of the sky to be close to you  
We're aiming for the best in life, but you had to learn  
That lies are not the answer all you got was a burn  
Our love - was a prime temptation  
I thought I could trust you - in every situation  
A combination of you and me  
Emergency - your love took all my energy  
Reality was quick a trick and you're lies  
Came fast - In the past two years, your tears  
We're running like a waterfall, but I was your playball  
Don't call - your love is like a free fall  
You gave me just a taste of love, you took my breath away  
I know you've got the power, babe, so why can't you stay  
My heart is full of passion, I'd show it to you  
But how could you deceive me, babe, and make me feel blue  
I don't wanna hear your lies  
The dream is over  
When I look into your eyes  
I can see the truth  
I don't wanna hear your lies  
The dream was over in time  
You'll never be mine
