Green Light

Roll Deep

Put your hands up, take it to the floor
You already gave me the green light, baby
Put your glass up, pour a little more
You already gave me the green light
(Eskiboy, Roll Deep)
I was lookin' for the green light
Who's gonna take me home? Yeah, she might
The night's so young, and I wanna have fun
So I'm gonna keep goin' 'til the party's done
You know I love women, but which one's gonna control me?
'Cause I wanna be your one and only
You know I love women, which one's gonna control me?
'Cause I wanna be your one and only
I follow the green cross code, then I cross the road
I follow the signs, then I fall on my nose
Seek out my princess, speak on the phone
Eventually I'm a treat her with a stone
No regular seats, I get the phone out
His and her match, we're goin' all out
Your crown and my crown, we're gonna ball out
Take my time, I won't stall out
Stop, take a look, left and right
Is it clear for me to go?
Let me know
Is it me that you've been waitin' for?
Put your hands up
(Put your hands up)
Take it to the floor
(Take it to the floor)
You already gave me the green light, baby
(I'm giving you the green light)
Put your glass up
(Put your glass up)
Pour a little more
(Pour a little more)
You already gave me the green light
(I'm givin' you the green light)
That time when I saw ya, I thought
Wow, so

Check out the skirt on that
Now straight to the bar, tequila, lemon, salt
I give her the all clear, letting her know
Green light, letting her go
Dropped her from a mile away
Thought to myself, why not give it a go?
I like what I see
Face all lit up like a Christmas tree
It's amazing the way she goes
Heaven knows what cloud she fell from
Skirt's a bit high above the knee
But I know that twinkle in her eye's for me
I said just show me a signal
She flashed red, amber, green
Stop, take a look, left and right
Is it clear for me to go?
Let me know
Is it me that you've been waitin' for?
Put your hands up
(Put your hands up)
Take it to the floor
(Take it to the floor)
You already gave me the green light, baby
(I'm giving you the green light)
Put your glass up
(Put your glass up)
Pour a little more
(Pour a little more)
You already gave me the green light
(I'm givin' you the green light)
Stop, pop, don't drop
Pour me a little
(Put your hands up)
Stop, pop, don't drop
Pour me a little
(Take it to the floor)
Stop, pop, don't drop
Pour me a little
(Put your glass up)
Don't wanna see red now
Flash your green lights tonight
All it takes is a week, one smile and a drink
I say a couple words, and she might be a link
I like the fact that she ain't wearin' a ring
And she ain't lookin' at him

We're the perfect match, what a good catch
She's 10 out of 10, I've gotta keep that
She's so far gone, the green light's on
I ain't gonna turn back, it's a rap
Stop, take a look, left and right
Is it clear for me to go?
Let me know
Is it me that you've been waitin' for?
Put your hands up, take it to the floor
You already gave me the green light, baby
Put your glass up
(Roll deep)
Pour a little more
You already gave me the green light
(I'm giving you the green light)
Put your hands up
(Put your hands up)
Take it to the floor
(Take it to the floor)
You already gave me the green light, baby
(I'm giving you the green light)
Put your glass up
(Put your glass up)
Pour a little more
(Pour a little more)
You already gave me the green light
(I'm givin' you the green light)
Stop, pop, don't drop
Pour me a little
(Put your hands up)
Stop, pop, don't drop
Pour me a little
(Take it to the floor)
Stop, pop, don't drop
Pour me a little
(Put your glass up)
Don't wanna see red now
Flash your green lights tonight
