

# Sybilla

## Warhorse

Sybilla you get until I  
and stay in your direction  
Sybilla you hurt my pride  
My heart is breaking  
Down inside

Sybilla you are in my bed  
You're something to my head  
I'll try to say  
But you make me will

When you're there  
By my side

Solo

Sybilla you drive me mad  
Take your the money  
did dosen't have

I want so hard  
For my hard take  
When for you to make day  
But day never can't  
You wait no where again  
A wait a woman

Sybilla when I tell you  
And stay in right direction

Then push in away  
And hard away  
But when in water  
Was a good for you

I find there was nothing  
back my good

Solo

Then push in away  
And call away  
But them in water  
Was a good for you

I found there's was nothing  
Take i do

Sybilla you said is really  
You know you try be wrong

You turn me on  
For your to all  
No woman tell is  
Doesn't to me

Sybilla we can't until I  
You still in your direction  
Sybilla  
Why know you by me so  
Why do you hurt me so

Ah ah

Sybilla you get until I  
and stay in your direction

Ah ah

Sybilla you get until I  
Please give me  
Your direction

I know you love  
I say i want to love

Why don't you love me  
All this time

Why do way for  
earth one day

Don't matter  
Say a water  
behind

Ah ah

Sybilla you are until I  
You tell me until until I

Sybilla you are until I
