

# All I Want Is You

## Justin Bieber

Sittin' here  
All alone, watchin' the snow fall  
Lookin' back  
At the days, when we threw them snowballs  
I can't believe, I'm putting the tree up by myself  
I need you, and nobody else  
And I'm sorry, if I pushed you away  
Cause I need you here and I want for you to know (oh)And I don't care  
If I don't get anything all I need is you here right now  
And I'm sorry  
If I hurt you  
But I know that all I want is you  
This Christmas  
This Christmas  
This ChristmasAll I want is you  
This Christmas  
(I'm sorry if I hurt you but I know that)  
This Christmas  
This Christmas  
All I want is you this ChristmasI never wanna do this alone  
Baby I just need you to be here  
Here through the holidays (yeah)  
I just wanna know if you feel the same way  
Because I'm lonely baby (baby)  
Want you to hold me baby  
And I'm sorry, if I pushed you away  
I just want you know I miss you (I miss you)  
And I want you to stayAnd I don't care (aye)  
If I don't get (aye)  
Anything all I need is you here right now  
(All I need is you here right now)  
And I'm sorry (aye)  
If I hurt you (if I hurt you) (aye)  
But I know that (aye aye yeah)  
All I want is you  
This Christmas (aye)  
This Christmas (yeah)  
This Christmas (aye aye yeah)All I want is you  
This Christmas (aye)

(I'm sorry if I hurt you but I know that)  
This Christmas (yeah)  
This Christmas (aye aye yeah)  
All I want is you this Christmas Wrapping gifts without you babe  
It's like mid December and there's no cold (no cold)  
I can't do this on my own (oh oh oh)  
I've changed my ways (my ways)  
Keep running back and forth again (back and forth again)  
I'm here to stay (yeah) And I don't care (aye)  
If I don't get (aye)  
Anything (aye aye aye)  
All I need is you here right now  
And I'm sorry (aye)  
If I hurt you (aye)  
But I know that (aye aye aye)  
All I want is you  
This Christmas (aye)  
This Christmas (yeah)  
This Christmas (aye aye yeah) All I want is you  
This Christmas (aye)  
(I'm sorry if I hurt you but I know that)  
This Christmas (yeah)  
This Christmas (aye aye yeah) All I want is you this Christmas (aye)  
All I want is you this Christmas (aye)  
All I want is you this Christmas (aye aye yeah)
