

Shadows Over Transylvania (Live 2003)

Dark Funeral

Moonlight...
Descends in the land of shadow
Full moon is rising
Over blood red skiesWolves...
Cries in the freezing night
Gathered in twilight
To summon the master belowRising shadows
Over blood red skiesMournful cries
Through the darkened nightDarkness...
Spreads in a shape of evil
Over the rising kingdom
TransylvaniaShadow...
Surrounds the ancient castle
The palace of death far away
Where no light existsIn the realms of Transylvania
Purest blood shall flow
Mortals shall feed
Hunger undead soulsShadows...
Over TransylvaniaDarkness...
In the land of frostWhispers...
In the winds of evilStorms...
In the blood red skiesShadows...
Shadows...
Shadows...
Shadows...
