Doghouse

The Rockats

I've been making some enemies
I've been taking some liberties
Just living my life
Try getting it right
Lord, let me tell you
I'm always in the doghouse
I've been running right or wrong
Always running right or wrong
Just living my life
Try getting it right
Lord, let me tell you
I'm always in the doghouse
Oh my Lord
My sweet Lord

What have you done
Are you ever
Are you ever
Are you ever gonna take me home
I've been making some enemies
I've been taking some liberties
Just living my life
Try getting it right
Lord, let me tell you
I'm always in the doghouse
Just living my life
It's been a hell of a ride
Lord, let me tell you
I'm always, always, always in the doghouse
