

The Sky And The Dawn And The Sun

Celtic Woman

High is the moon tonight
Hiding it's guiding light, high
Heaven and earth do sleep, still in the dark so deep
I will the darkness sweep I will the moon to flight, I will the heaven's bright
I will the earth to light
Open your eyes with me, see paradise with me
Awake and arise with me I am the dawn, I'm the new day begun
I bring you the morning, I bring you the sun
I hold back the night and I open the skies
I give light to the world, I give sight to your eyes From the first of all time, until time is undone
Forever and ever and ever and ever
And I am the dawn and the sky and the sun
I am one with the one and I am the dawn I am the sky and the dawn and the sun
I am the sky and the new day begun
I am the sky and the dawn and the sun
