Thats my name

Akcent

And you are the one that lights the fire
I am the one who takes you higher
I love your voice when you say my name
That`s my name, that`s my name, that`s my nameAll the time I thought about you
I saw your eyes and they were so blue
I could read there just one name
My name, my name, my nameBecause of you I`m flying higher
You give me love, you set a fire
You keep me warm when you call my name
That`s my name, that`s my name, that`s my nameAnd you are the one that lights the fire
I am the one who takes you higher
I love your voice when you say my name
That`s my name, that`s my name, that`s my nameAnd you are the one that lights the fire
I am the one who takes you higher
I love your voice when you say my name
That`s my name, that`s my name, that`s my nameIt`s my name, it`s my name, it`s my nameAll the time I thought about you
I saw your eyes and they were so blue
I could read there just one name
My name, my name, my nameBecause of you I`m flying higher
You give me love, you set a fire
You keep me warm when you call my name
That`s my name, that`s my name, that`s my nameAnd you are the one that lights the fire
I am the one who takes you higher
I love your voice when you say my name
That`s my name, that`s my name, that`s my nameAnd you are the one that lights the fire
I am the one who takes you higher
I love your voice when you say my name
That`s my name, that`s my name, that`s my nameIt`s my name, it`s my name, it`s my name,it's my name, it's my name....And you, you will stay in my heart
As i knew from the start...
And you, you will stay in my heart
Never keep you apart...And you, you will stay in my heart
As i knew from the start...
And you, you will stay in my heart
Never keep you apart.
