

Angel of Mercy

Foghat

Peverett / Bassett - Loentz Music - ASCAP
In all this confusion, so sad to be alone,
In darkness and shadows - a place I call home. You kill me with kindness, 'til I feel no pain,
Angel of mercy when you call my name. And now more than ever, in these ever-changing times,
Your love can help me, ease my troubled mind. You kill me with kindness, 'til I feel no pain,
Angel of mercy when you call my name. Bring light to my blindness, and shelter from the rain,
Angel of mercy when you speak my name. Back on that dark road, I know so well.
I'm so broken hearted, but no one, no one can tell,
Angel of mercy. {Rod - Solo - verse, chorus} Back on that dark road, I know so well,
I'm so broken hearted, but no one, no one can tell.
Whoah oh whoah oh. Kill me with kindness, 'til I feel no pain,
Angel of mercy when you call my name. Bring light to my blindness, shelter from the rain,
Angel of mercy, when you call my name,
Angel of mercy. {Rod - Solo - verse, chorus}
