You Will Always Be

Kristian Stanfill

Kingdoms rise and kingdoms fall
But You go on and on
Hard times come but You remain
The fortress through the storm
You will always be
Never failing King
Just and faithful, always able
You will always be
Years will come and days will go
But You will never fade
Things on earth will let me down
But You will never fail
My eyes may look away from You
But You will never leave
Times I've turned and run from
You Your love has stayed by me
