

Electropop

Jupiter Rising

ummm
ohhhh
ohhhhh
ohohohohohhh

Hey girl what's your name
L-u-v i see your game
It's okay i do it too
Make me want to play a fool

Here boy sign the line
Fools like you don't waste my time
I ain't game to play with you
Are you gonna follow through

Step inside we'll take a ride
Bonnie Clyde you and I
We can do this do or die
Why dont we just take a drive

Sounds gangster I'm gangster
We'll play the town prankster
Using up this bar we play
Then we make our getaway

Electropop hot
Funk addiction when I cant stop

I may be your sweet spot
Take me to your candy shop

Electropop hot
Funk friction when its getting hot

I'm feeling like its getting hot
Come on baby what you got

Electropop hot
Funk addiction when I cant stop

I may be your sweet spot
Take me to your candy shop

Electropop hot
Funk friction when its getting hot

I'm feeling like its getting hot
Come on baby what you got

Damn girl we're moving fast
Its a movie who's the cast
I can be your leading role
Wont you let me take control

Like Juliet I'm femme fatal
Take your pick I'll play them all
Each one to satisfy depending on the type of guy

I'm just a nervous type
Put me in your spotlight
I can talk this all night long
Only if we take it home

Ohhh that is not what I'm about
Men without backing out
That is how I strategize
So hold your breath for the surprise

Electropop hot
Funk addiction when I can't stop

I may be your sweet spot
Take me to your candy shop

Electropop hott
Funk friction when it's getting hot

I'm feeling like its getting hot
Come on baby what you got

Electropop hot
Funk Addiction when I can't stop

I may be your sweet spot
Take me to your candy shop

Electropop
Funk Friction when it's getting hot

Im feeling like its getting hot
Come on baby what you got

Don't want to spend this night alone
Cause your just what I need
I'll lock your digits on my phone
For as much as I tease
I know this affection may be temporary but
Nightlike behavior it is necessary
But for tonight yes we're doing it right
But you got my number if you like what you like

Electropop hot
Funk addiction when I cant stop

I may be your sweet spot
Take me to your candy shop

Electropop hot
Funk friction when its getting hot

Im feeling like its getting hot
Come on baby what you got

Electropop hot
Funk Addiction when its getting hot

I may be your sweet spot
Take me to your candy shop

Electropop
Friction its hot

I'm feeling like its getting hot
Come on baby what you got
