

Nothin' But the Taillights

Clint Black

Blue Kentucky highway
Headin' for the line
She hadn't said a word all night
But the wheels are turnin' in her mind Now I was ridin' shotgun
And I knew things had gone awry
Just as soon as she dropped me off
At the side of the road and she let that gravel fly Now I'm walkin' in the moonlight
Seein' nothin' but the taillights
And that's a pair of taillights
I may never see again She hit me with the left and right
Showin' me nothin' but the taillights
That's about as lonely as a highway's ever been
Back here with my thumb out in the wind Was it somethin' that I did to her
Or the things I never said?
I wonder if the way we were
Was only in my head? Now if I even make it back to town
Before the sun comes up
I'm gonna hit every parking spot around
Till I find that pick-up truck Now I'm talkin' in the moonlight
Seein' nothin' but the taillights
And that's a pair of taillights
I may never see again She hit me with the left and right
Showin' me nothin' but the taillights
That's about as lonely as a highway's ever been
Back here with my thumb out in the wind Well I'll bet right now she's laughin'
At how she brought me to my knees
But she won't be laughin' half as loud
When she gives me back my keys She'll be walkin' in the moonlight
Seein' nothin' but the taillights
That's a pair of taillights
She won't ever see again She hit me with a left and right
And with nothin' but the taillights
And I know that's about as lonely as a highway's ever been
Back here with my thumb out in the wind There she goes
Here I come
Meet me out here in the middle of nowhere
[Incomprehensible]
