

Time Bomb (YoMonkey Remix)

Godsmack

I am in a living hell, makes me wonder if I'm alive
Can't seem to bring myself to figure out why
I shove and I pull away from the things
That I call you every night
I can't seem to break you down
But I know I'll come around I feel your pins through my eyes piercing me
Lie down in all this piss,
You drink it from me every night
I live in a world of shit, been left here to die
Sometimes I realize my mind is meant to go away
Never have I seen your God,
So why should I believe in faith?
I feel your pins through my eyes
Piercing me, all the time
Another time bomb I never find the time to find another fucking place,
I'm a bad motherfucker who lives it everyday,
You never look at me now,
You never look me in the face,
I'm a time bomb baby. I can't find the time to find the place
I'm a bad motherfucker who lives it everyday
You never look at me now
You never look me in the face, I'm a time bomb
What am I waiting for?
