Without Moral Restraint

Chimaira

I see what is fake, what is real, I'll never know
Can't you see I'm just a disease?
Free fall faking over human emotion and all round
And I'll never see you, never been meBut it's my round to say, it's my round to feel
I can't take a face to your hate anymore
Now I lose control sticking it back to you
I'm not the only one without moral restraintI can't image why you would send a force
Send a force up above me thrown down
Never know what I'm up to do you?
Can't you see my lies?Can't you see through this disguise?
It's my round to say, it's my round to say
I'll never know what the difference is
Is it hell, is it earth? Is it hell, is it earth?I'm not the only one
Without moral restraint
I'm not the only one
Without moral restraintSee me twist and time come along
Is it my time to make up your soul?
Is it my turn to make up your soul?
Can't keep giving back to you, I keep giving it back to youKeep giving it back to you
Keep giving it back to you
Keep giving it back to you
Never ever say couldI'm not the only one
I'm not the only one
I'm not the only one
I'm not the only oneI'm not the only one
I'm not the only one
I'm not the only one
Without moral restraint
