

# The Sound of Silence (Live on Conan)

## Disturbed

Hello darkness, my old friend  
I've come to talk with you again  
Because a vision softly creeping  
Left its seeds while I was sleeping  
And the vision that was planted in my brain  
Still remains  
Within the sound of silence  
In restless dreams I walked alone  
Narrow streets of cobblestone  
'Neath the halo of a street lamp  
I turned my collar to the cold and damp  
When my eyes were stabbed by the flash of a neon light  
That split the night  
And touched the sound of silence  
And in the naked light I saw  
Ten thousand people, maybe more  
People talking without speaking  
People hearing without listening  
People writing songs that voices never share  
And no one dared  
Disturb the sound of silence  
Fools, said I, you do not know  
Silence like a cancer grows  
Hear my words that I might teach you  
Take my arms that I might reach you  
But my words, like silent raindrops fell  
And echoed in the wells of silence
