

Love Was Stronger

Audio Adrenaline

I was a child of wrath
An enemy of the King of Peace
But love was stronger
Love was stronger I tried resisting grace
The son of God still took my place
Cause love was stronger
Love was stronger You are stronger than my sins, You carried
To the cross with resurrecting love Love
Love was stronger
Love
Love was stronger When You had called me in
My flesh was weak, my heart was dead
But love was stronger
Love was stronger
I was in a foreign land
You made me a citizen in You
Cause love was stronger
Love was stronger You are stronger than my sins, You carried
To the cross with resurrecting love Love
Love was stronger
Love
Love was stronger I am the one who pierced Your side
I put every thorn on Your head
Through the feet and through the hands
I placed all of my sins
But love was stronger
But love was stronger You are stronger than my sins, You carried
To the cross with resurrecting love
Love
Love was stronger
Love
Love was stronger You are stronger than my sins, You carried
To the cross with resurrecting love
