

Astro Boy

Blonde Redhead

If you insist on situations that make you cry
it's not real
it can be fear
it's in your eyes
it can be here
the complications affect your mind Mistake? One more
A fewer days
A fewer time
Astro Boy???
???

I want you
I want your house
I kiss you
I
I was always there
I was there
I was alone
I was small
it was real
it's so true
I can feel, you can feel
I How mere
How mere
How mere

How mere If I insist on situations that make you cry
it's not real
it can be fear
it's in your eyes
it can be here
the complications affect your mind Just take one more
A fewer days
A fewer time
