Life

Flipper

I too have sung 'Death's Praise'
But I'm not going to sing that song anymore
Yes, I've figured out what living is all aboutIt's life, life, life is the only thing worth living for
Yes life, life, life is the only thing worth living for
Yes life, life, life is the only thing worth living for
Life, life, life is the only thing worthI too have sung 'Death's Praise'
But I'm not going to sing that song anymore
Because, I've figured out what living is all about and it's lifeI too have sung 'Death's Praise'
But I'm not going to sing that song anymore
Because, I've figured out what living is all aboutIt's life, life, life is the only thing worth living for
Yes life, life, I know it has it's ups and downs, life, life
