Seen It All

Jake Bugg

One Friday night I took a pill or maybe two
Down at the car park I saw everyone I knew
And before the night had started we had planned to crash a party
Just a place that someone knew a local house belonging to a gangsters crew
And at the door they shone a light into my face
Have to admit I felt a little out of place
But I made my way inside past a thousand crazy eyes
Then a friend took me aside said everyone here has a knifeI've seen it all
I've seen it all now
I swear to god I've seen it all
Nothing shocks me anymore after tonightThose little doves had sent my mind and heart a-beating
To say I felt weird really doesn't need repeating
I could sense the mounting tension the atmosphere of violence
And then they took a guy out side and someone stabbed him with a knifeI've seen it all
I've seen it all now I swear to god
I've seen it all nothing shocks me anymore after tonight
