Joe

Bill Ryder-Jones

Hey, does anybody know
How I can get in touch with Joe?
If I have to catch a subway
Or catch a plane on a runway
I've got to find out some way
Where did he go?
Yesterday was bright and sunny
All his jokes were, oh, so funny
Now he's gone and left me
Honey, where did you go?
I've been searchin' here and there
Lookin' for you everywhere
'Cause your love I wanna share
Hey, does anybody know
How I can get in touch with Joe?
I will try to wait forever
It could take till the twelfth of never
How I pray we'd be together
Where did he go?
My heart was pure, how could you bruise it?
Gave him mine, he just used it
My mind was clear and he confused it
Where did he go?
I've been searchin' here and there
Lookin' for you everywhere
'Cause your love I wanna share
Hey, does anybody know
How I can get in touch with Joe?
Ooh, does anybody know
How I can get in touch with Joe?
I can get in touch with Joe?
Ooh Joey, Joey
Somebody tell me where did he go? Joe
Come back baby, Joe, oh, oh, Joey, Joey, Joey
