

# We Can

James Morrison

I know how to fall  
Into a sea of desperation  
It's easy  
To feel small  
Feel like I'm always on the outside, yeahhhI know  
I could do it alone  
But I don't believe in separation  
It kills me  
To walk on the edge  
Pretending that I'm blindWe all know that we can but we don't  
Yeah we say that we will when we won't  
Cause we don't wanna fail  
Yeah we say that we shouldn't when we 'ought to  
All it takes is a boat in the water  
For you to sailWe can do those things we've been told we could never do  
Love don't need permission  
Let's give everything, we hold back, then what can we loose  
Now you tell yourself your scared but  
Don't you listenWe can love  
We can love  
We can loveYou already know  
But you got fooled by isolation  
That its you only  
Dragging your bones  
When you could be lifted off the groundJust trust in this little love we got  
I know it's not a lot but it's enough  
For us to get a taste  
And if they say you never will  
Just do it  
They don't know what they're saying  
Just do it  
Before you lock it down  
Just give it all awayWe can do those things we've been told we could never do, yeahh  
Love don't need permission  
Lets give everything, we hold back, then what can we loose  
Now you tell yourself your scared but  
Don't you listenWe can love  
We can love  
We can loveWe can love

We can love  
We caannnnn oooooohhhWe can love  
We can, we can, we can, we can, we can  
Ohhhh nnoo noooOpen your heart  
Even with all the complications  
It's easy
