

# Amazon

## M.I.A.

I was missin' in action on the side of a carton  
I was taken in a Datsun from a street in Acton  
I was missin' in action on the side of a carton  
I was taken in a Datsun from a street in Acton I was sippin' on a Rubicon, thinkin' 'bout where I come  
It's all this for revolution  
Cuttin' up the coupon, savin' for a telephone  
Can I call home? Please, can I go home? I was sippin' on a Rubicon, thinkin' 'bout where I come  
It's all this for revolution  
Cuttin' up the coupon, savin' for a telephone  
Can I call home? Please, can I go home? Painted nails, sunsets on horizons  
Palm trees, silhouette smells amazing  
Blindfolds under home-made lanterns  
Somewhere in the Amazon, they're holding me ransom Painted nails, sunsets on horizons  
Palm trees, silhouette smells amazing  
Blindfolds under home-made lanterns  
Somewhere in the Amazon, they're holding me ransom Hello, this is M.I.A., could you please come get me?  
Hello, this is M.I.A., could you please come get me?  
Hello, this is M.I.A., could you please come get me?  
Hello, this is M.I.A., could you please come get me? Smokin' on a Benson, tryin' to get me undone  
Let me go, I don't want your attention  
Under submission, out of frustration  
I'll do it, I'll scream for the nation Smokin' on a Benson, tryin' to get me undone  
Let me go, I don't want your attention  
Under submission, out of frustration  
I'll do it, I'll scream for the nation Painted nails, sunsets on horizons  
Palm trees, silhouette smells amazing  
Blindfolds under home-made lanterns  
Somewhere in the Amazon, they're holding me ransom Painted nails, sunsets on horizons  
Palm trees, silhouette smells amazing  
Blindfolds under home-made lanterns  
Somewhere in the Amazon, they're holding me ransom Hello, this is M.I.A., could you please come get me?  
Hello, this is M.I.A., could you please come get me?  
Hello, this is M.I.A., could you please come get me?  
Hello, this is M.I.A., could you please come get me? Minutes turned to hours and became our dates  
When we shared raindrops that turned into lakes  
Bodies started merging and the lines got gray  
Now, I'm looking at him, thinking maybe he's okay Minutes turned to hours and became our dates  
When we shared raindrops that turned into lakes  
Bodies started merging and the lines got gray

Now, I'm looking at him, thinking maybe he's okayHello, this is M.I.A., it's okay, you forgot me

Hello, this is M.I.A., it's okay, you forgot me

Hello, this is M.I.A., it's okay, you forgot me

Hello, this is M.I.A., it's okay, you forgot meHello, this is M.I.A., it's okay, you forgot me

Hello, this is M.I.A., it's okay, you forgot me

Hello, this is M.I.A., it's okay, you forgot me

Hello, this is M.I.A., it's okay, you forgot me
