

Keep Love In Your Soul (Remastered Version)

Gary Wright

I've been trying to find a situation
To straighten out my life
Cause in every part that I've been playing
Something isn't right Cause if what you do has a good feeling
Working from your soul
And the love you give to the thing you doing
Can only make it grow Ooh, love is a feeling you can't control
And to keep it alive, keep it in your soul Cause you never really know yourself
Till you know love
No, you'll never really feel complete
Till you know love You can get involved in what you're doing
And think you're doing right
But without love, you won't find the purpose
You're on an endless flight Ooh, love is the light within you that dawns
And to keep it alive, keep it in your soul Cause you never really know yourself
Till you know love
No, you'll never really feel complete
Till you know love, no, no You never really know yourself
Till you know love
No, you'll never really feel complete
Till you know love When you let love in, say goodbye to sorrow
Your joy is always near
Cause to come from a place where love is flowing
You realize why you're here Ooh, love is the light within you that dawns
And to keep it alive, keep it in your soul Cause you never really know yourself
Till you know love
No, you'll never really feel complete
Till you know love, no, no Till you know love
Ooh, ooh, ooh, ooh, yeah
No, no, no, no
You'll never really know yourself
Till you know love
