

Curb

Hoppy Kamiyama

Have I gone all too far?
Have I been here before?
If I have, let me know
 How it goes
 Take her place
And I will see her face
 No reason, let it slide
 And I will watch her die
Yeah, to run through fields to find
And I will hold, then lead, then lie
 And I will
 No, I won't
 Is it now really time?
 Can I just give mine?
 If I can simply trade
 Deal made
 Take her place
 And I will see her face
 No reason, let it slide
 And I will watch her die
Yeah, to run through fields to find
And I will hold, then lead, then lie
 And I will
 Run, hide away from me
 De-souled, to seek, decide
 And I will, oh no I won't, yeah
 No, I won't
 Yeah, yeah, yeah, yeah
 Yeah, to run through fields to find
 And I will hold, then lead, then lie
 And I will
 Run, hide away from me
 De-souled, to seek, decide
 And I won't
 Oh no, I won't
 Run through fields
 To find and I can't
 Run through fields and I
 And I won't

Run, hide away from me
De-souled, to seek, decide
And I won't
No I won't, yeah
