Dead in This House

IAMX

You're in the dark
Just you and anger
Your oldest friend
Your closest lover.Show them your art
Show them your alchemy
Your addictive viral
Euphoric raging needKick down the door
Kick through the pain
You've been talking to the wall
'Cause everybody is dead in this houseKick down the door
Kick through the pain
I never wanted to be born
'Cause everybody is dead in this houseEverybody is dead in this house
Everybody is dead in this houseKick down the door
Kick through the pain
You've been talking to the wall
Everybody is dead in this house.
