

Eat For Free (feat Justin Vernon)

[Haley Bonar](#)

While I quietly throw through the air
all your little jokes.
Any smoke from any old fire
will keep my trash heap stoked. Did I mention I may forget
why I even came?
I'm addicted so I'm absolved
of any cause of pain. Here comes the wave.
It's higher than any one before.
My love be brave
as it knocks our bodies back to shore. Eyes closed we see
green blades dancing in the sun.
Maybe we've been
putting on a show for everyone. I'll be kinder if you'll be kind.
Keep the drugs at bay.
You pull the cord and see how we fly
with only ourselves to blame. And I bet you'd stay
if you knew what would happen if you did.
Who cares, I'll say
as I cast my ribbons to the wind. We'll always be
stars with million dollar guns.
We eat for free
and put on a show for everyone. We eat for free
to put on a show for everyone. (x4)
