Go Granny go granny go sha go
She just moved down from Ponchatoula

Everybody thought she was a real zero
Until they saw her paddle that little pirogue

than the little old lady from Catahoula
She paddles real fast sha look at her go
cruisin down Bayou Teche on her pirogue

If you see in New Iberia or Loreauville

but she's gonna get hurt now sooner or later
cause she can't keep her hands off dem alligators
