

Daisy Glaze (Live In Memphis)

Big Star

I'm driving alone
Sad about you
Not going home
What's to do?
You better not leave me here
Better not leave me here
Ooh, I want you here
How can you leave me here? I lie in a stream
And floating fine
Receiving things
In my beautiful mind
Sometimes, oh, sometimes
Sometimes, oh, sometimes
Lover, yes I am
Lover, you know I am, ooh Now I'm in a bar
That's got to be where they are
Going to dance in the bar
They're going to fight on the floor
Faster than I can see Now I gonna score
Make for the door
Who is this whore?
Soon be beggin' drags
