

# Fountain of Life

## Incognito

Chase the sunrise, people come together  
Feel the glory of the new day  
Feed the feeling, gather friends and strangers  
Come together make it stay this way Looking for the fountain of life  
We fell into a cool paradise  
The rhythm of the sand and the sea  
Is where we've always wanted to be I've been looking  
(Looking for the fountain of life)  
Searching  
(Fell into the cool paradise)  
I've been in search of paradise (The rhythm of the sand and the sea)  
Sand and sea  
(Where we've always wanted to be)  
Wanted  
Always, wanted Always searching for a new direction  
Your heart desires a better state of mind  
Mother nature will provide the feeling  
In the sunshine, happiness you'll find Looking for the fountain of life  
We fell into a cool paradise  
The rhythm of the sand and the sea  
Is where we've always wanted to be Looking for the fountain of life  
We fell into a cool paradise  
The rhythm of the sand and the sea  
Is where we've always wanted to be We've been holding on  
Waiting for this day to come our way  
Holding on We've been holding on  
Waiting for the light to shine our way  
(Holding on)  
Always waiting Sayin'  
(Free me, free me, free me) I've been looking  
Searching  
I've been in search of paradise I've been looking  
Searching Looking for the fountain of life  
We fell into a cool paradise  
The rhythm of the sand and the sea  
Is where we've always wanted to be Looking for the fountain of life  
We fell into a cool paradise  
The rhythm of the sand and the sea  
Is where we've always wanted to be Looking for the fountain of life

We fell into a cool paradise  
The rhythm of the sand and the sea  
Is where we've always wanted to be Looking for the fountain of life  
We fell into a cool paradise  
The rhythm of the sand and the sea  
Is where we've always wanted to be
