

After It All

Delta Rae

Oh how I've waited
Oh how I've dreamt of this
All in a house made of wood
All the walls painted in gold
After it all you'll look after me
All of these things that we made believe
Oh how I've waited
Oh how I've dreamt of this
All in a house made of wood
All the walls painted in gold
After it all you'll look after me
All of these things that we made believe
Oh how I love you
Oh how I held you in my veins for all
my lonely life
Oh how I trust you
Oh won't you carry me away for all
my lonely life
Oh
