

# Just As I Am

Lauren Talley

O becoming more like Jesus feels like dying deep inside  
And I guess sometimes that's truly what it is  
For He's calling me to lay aside my selfishness and pride  
So He can mold my heart and make it more like His  
And lately I've been seeing more each day  
The wisdom and new wonders of his grace

Just as I am, I ran to him and mercy took me in  
Just as I am and he forgave my sin  
All the way he's changing my heart proves  
that he loves me too much to leave me just as I am.

My heart is simply clay within the potter skillful hands  
And even though sometimes the change is frightening  
I want the truth of his word to keep shaping who I am  
Because I know he does all things perfectly  
So all my thoughts and all my attitudes  
There all his to change as he wants to

Just as I am, I ran to him and mercy took me in  
Just as I am and he forgave my sin  
All the way he's changing my heart proves  
that he loves me too much to leave me just as I am.

Just as I am without one plea  
but that thy blood was shed for me  
O Lamb of God I come

Just as I am, I ran to him and mercy took me in  
Just as I am and he forgave my sin  
All the way he's changing my heart proves  
that he loves me too much to leave me just as I am.
