

# Living In A Dream

## Finger Eleven

I was never the kind  
To be taking my time  
Any place that's worth a damn  
And today's another day  
That I've gone and thrown away  
And I don't care where it lands 'Cause I'm just thinking about us  
I've been living in a dream about you  
And now I know you were all I ever wanted on my mind  
And if I never see  
My own reality  
Well, I'm okay to leave it all behind I'll be gone for a time  
Tuning out for a while  
It's gonna look like I'm not all there  
I've decided that today  
Seems alright to piss away  
Ignore my empty stare 'Cause I'm just thinking about us  
I've been living in a dream about you  
And now I know you were all I ever wanted on my mind  
And if I never see  
My own reality  
Well, I'm okay to leave it all behind When I come down  
And look around  
I can't believe  
The fantasy is gone like a memory  
Out of my reach  
Fading out from me  
You're fading out from me I've been living in a dream about you  
And now I know you were all I ever wanted on my mind  
And if I never see  
My own reality  
Well, I'm okay to leave it all behind
