

# Do You Remember

## Ginuwine

It was 3 O' clock in the mornin'  
And you told me to come over  
Told me about your crazy fantasy  
So I jumped up in my Rover  
Had to climb up in your window  
'Cause your mom's and pop's was sleep  
When I did, you just took one look  
And you jumped all over me  
Girl, what you did to me last night  
It's somethin' that I rather not mention  
But you had me standin' at attention  
Do you remember? Do you remember?  
Do you remember? Do you remember?  
Do you remember?  
Remember what we did last night?  
We boned on your momma's couch  
And we knocked the springs right out  
Do you remember? Do you remember?  
Do you remember? Do you remember?  
You told me this sexual thing  
That you wanted to do  
Also that I'm the first one  
You ever did this to  
You made me feel so good, girl  
I thought that I was dreamin'  
My mind was so far away, yeah, yeah  
I forgot what I was thinkin'  
Girl, what you did to me last night  
It's somethin' that I rather not mention  
But you had me standin' at attention  
Do you remember? Do you remember?  
Do you remember? Do you remember?  
Do you remember?  
Girl, you shoulda seen us last night  
All down on the couch and everything  
You shoulda saw me and Ginuwine  
Baby, baby, can you come downstairs, right now  
I wanna talk to you  
Coming, I'll be right down

Will you look at this? What is this mess?  
Look at the sofa, there's a spring broken  
It's all messed up, wait a minute, wait a minute  
I know what happened  
You were with that Ginuwine guy  
The one who, I told you the guy  
He's an entertainer, he's no good  
Girl, what you did to me last night  
Remember what you did to me last night  
I just wanna be with him  
I just wanna be with him  
I just wanna be with him  
I just wanna be with him  
Girl, what you did to me last night  
I just wanna be with him  
I just wanna be with him  
I just wanna be with him  
I just, I just, I just  
Remember what we did last night?  
We boned on your momma's couch  
And we knocked the springs right out  
Do you remember? Do you remember?  
Do you remember? Do you remember?  
Girl, what you did to me last night  
It's somethin' that I rather not mention  
But you had me standin' at attention  
Do you remember? Do you remember?  
Do you remember? Do you remember?  
Do you remember?  
Remember what we did last night?  
We boned on your momma's couch  
And we knocked the springs right out  
Do you remember?
