Southern Comfort

Shooter Jennings

Take me homeWell, I came to Cali on a highway from Nashville
It's all a gamble for the fortune and fame
My education came from reading the road signs

Just another fool who got lost in the gameAnd I'm going back again

'Cause it's blowing in the wind

That's carryin' me homeOh, southern comfort

Don't leave me low

Oh, southern comfort

Keeps calling me home

YeahAnd all these actors, man, they're living in castles

And with the earthquakes they'll sink in the sea

Who makes a living off of heartbreaks and hassles?

And scientologists make no sense to meSo I'm going back again

'Cause it's blowing like the wind

That's carryin' me homeOh, southern comfort

Don't leave me low

Oh, southern comfort

Keeps calling me homeOh, southern comfort

Don't leave me low

Oh, southern comfort

Keeps calling me homeOh, southern comfort

Don't leave me low

Oh, southern comfort

Keeps calling me homeOh, southern comfort

Don't leave me low

Oh, southern comfort

Keeps calling me homeOh, southern comfort

Don't leave me low

Oh, southern comfort

Keeps calling me homeC'mon take me home
