

The Art of Lying

Madam Adam

You promised me the world and I saw nothing

How could I have ever been so dumb?

Manipulate and take what you want from me

You're so originalWithout love, without trust,

You've got the art of lying

It's not true, I know it's you

and I'm tired of trying to believe in you, yeah

So how can you look in my eyes?

The art of lyingThrough the teeth, the master of deception

Poisoned on the tip of your tongue

Guaranteed to leave me there just guessing

Oh how originalWithout love, without trust,

You've got the art of lying

It's not true, I know it's you

and I'm tired of trying to believe in you, yeah

So how can you look in my eyes?

The art of lyingYaaaaahhhhh

Yaaaaahhhhh

Oh noWithout love, without trust,

You've got the art of lying

It's not true, I know it's you

and I'm tired of trying to believe in you, yeah

So how can you look in my eyes?

The art of lying
