

The Way

[Paul Baloche](#)

Think about the way the earth revolves around the sun
Gravity holds it all in place and keeps it all from coming undone
That's the way, that's the way I feel about you
Think about how a baby cries to feel his mother's touch
And how he finally rest so peacefully when she finally picks him up
That's the way, that's the way I feel about you
Oh they say the sky the limit, but I say there is so much more
Because your love takes me higher than I've ever been before
Where the heavens hold the stars that why they stay where they are
I know why they shine the way the do
That's the way, that's the way I feel about you
Just like a soldier fights for what he knows is right

He gladly gives his last breathe of freedom and he wouldn't even think twice
That's the way, that's the way I feel about you.
Oh they say the sky the limit, but I say there is so much more
Because your love takes me higher than I've ever been before
Where the heavens hold the stars that why they stay where they are
I know why they shine the way the do
That's the way, that's the way I feel about you
Oh I may not be a wise man but I know one things is true
That the reapers only reason is to find the ocean blue
That's the way, that's the way I feel about you
(That's the way I feel about you)
That's the way, that's the way I feel about you
