#1 (with A Bullet)

Lindsay Pagano

My bad was not to let you in
When you stood by me better than a best friend
And I thank you for giving me a hand
Now I'm your biggest fan, Hercules, Superman
You're #1 with a bullet, baby
When it comes to sparks, you're making all the marks
You're #1 with a bullet, honey
In this heart of hearts, you've been tearing up the charts
Shame, shame, I almost didn't see
Who you were inside, how much you mean to me
So let's go right up to the top
Hold me and do not stop, baby boy, hit the spot
You're #1 with a bullet, baby
When it comes to sparks, you're making all the marks
You're #1 with a bullet, honey

In this heart of hearts, you've been tearing up the charts
It's the one thing that's never changing
I always have a place I can't go
Whenever this world gets too crazy
Your love will save me, oh, boy
You're #1 with a bullet, baby
When it comes to sparks, you're making all the marks
You're #1 with a bullet, honey
In this heart of hearts, you've been tearing up the charts
You're #1 with a bullet, baby
When it comes to sparks, you're making all the marks
You're #1 with a bullet, honey
In this heart of hearts, you've been tearing up the charts
