

# Mind Bender

## The Freak Scene

While browsing through a pawn shop I saw this old guitar.  
It's keys were bent and rusty, It's body scratched and scarred.

HOLY- MOSES !

Would you believe that guitar began to talk, I swear it did.  
Now it's not like your thinkin, I wasn't stoned or drinkin

When I heard that talkin guitar say,  
(Talk Box)

My daddy was a GIBSON, My mama was a FENDER.  
That's why they call me Mindbender. Mindbender, that's my name.

You better believe it. It was a mind-bending thing.

I said now listen guitar, What you tryin to do?  
People will think I'm crazy If they see me talkin to you.

He said,  
(Talk Box)  
What's that you say?

I said you better hold your tongue.  
Now it's not like your thinkin, I wasn't stoned or drinkin.

I swear I heard that guitar say,  
(Talk Box)  
My daddy was a GIBSON, My mama was a FENDER. That's why they call me Mindbender. Mindbender,  
that's my name--my name.

You better believe it brother, It was a mind bending thing.
