Smash the State

Naked Aggression

I hate greedy politicians I hate greedy corporations
I hate their manipulation, I hate all their exploitation
I hate their economy, I hate this whole society
I hate it all, I hate it allSmash the state
Smash the state
Smash the state
Smash the state
We donÃµt need itI hate all the presidents, I hate all the governments
I hate all laws that they invent, I hate all that they represent
I hate their fake democracy, I hate their damn hypocrisy
I hate it all, I hate it allEverything could change, everything could change
Everything could change, everything could change
Everything could change, everything could change
Take some actionEverything could change, everything could change
Everything could change, everything could change
Everything could change, everything could change
Take some actionWhen will you start to get angry
When will you start to fight back
When will you start to get angry
When will you start to fight backSmash the state
Smash the state
Smash the state
Smash the state
We donÃµt need itI hate the united nations, I hate their disinformation
I hate military actions, I hate fascist right wing factions
I hate all the isolation, I hate all the desperation
I hate it allSmash the state
