

Don't Leave, I Think I Love You

[Toby Keith](#)

Don't leave, I think I love you
I just saw the rest of my life, honey, you're in it
Won't you hear what I say? Give me just a minute
Don't leave, I think I love you
I know you think I'm crazy, and you probably should
I wouldn't make this up, I couldn't dream this good
Now baby, don't tell me that I missed my chance
I haven't heard last call, would you like to dance?
I've been sittin' here waitin' on you all night
Why don't you give me that old 'good to go' green light
Am I comin' on strong, baby, movin' kinda fast?
I'm rushin' along but at least I gotta ask
I couldn't live with myself if you got away
I'm a love sick puppy, baby, what do you say?
Don't leave, I think I love you
I just saw the rest of my life, honey, you're in it
Won't you hear what I say? Give me just a minute
Don't leave, I think I love you
I know you think I'm crazy, and you probably should
I wouldn't make this up, I couldn't dream this good
It's late and been a long night, you're tired I know
Aww, don't break my heart, baby, please don't go
It ain't the whiskey talkin', it ain't this neon light
You see I've fallen stone-cold in love at first sight
Gonna cut to the chase, baby, get right to it
I got a lot to say and a short time to do it
Aww, don't walk away, honey, I'm just tryin' to
Aww, listen to me talkin', I'm a babblin' fool
Don't leave, I think I love you
I just saw the rest of my life, honey, you're in it
Won't you hear what I say? Give me just a minute
Don't leave, I think I love you
I know you think I'm crazy, and you probably should
I wouldn't make this up, I couldn't dream this good, don't leave
Pretty baby, don't leave, I think I love you
I know you think I'm crazy, and you probably should
I wouldn't make this up, I couldn't dream this good
