Ready, Aim, Fire!

Used Kids

Would you save me or leave me behind
Don't say maybe you don't know what I'd do
I put it on the line cause we all
Looked through your diary
Tell me everything you know
Before I go before I goooo.
Set this whole town on fire
Take you with me to watch it burn
Is this what you wanted
Look at what you started
Would you take me so far away from here
I'm not crazy for crawling back to you
I wonder all the time
When your all alone
Do you wonder where I am
I can be where you want
Just say the right words
But you wont
So I'll
Set this whole town on fire
Take you with me to watch it burn
Is this what you wanted
Look at what you started
Set this whole town on fire
Take you with me to watch it burn

Is this what you wanted
Look at what you started
Then it hit me
Should I go that far
For a girl doesn't ever
Really know what she wants
Then it hit me
Should I go that far
For a girl doesn't ever
Really know what she wants
For a girl doesn't ever
Know whats she wants
(She doesn't know what she wants)

She doesn't know what she wants
I read through your diary
Tell me everything you know
Before I go before I go
Set this whole town on fire
Take you with me to watch it burn
Is this what you wanted
Look at what you started
Set this whole town on fire
Take you with me to watch it burn
Is this what you wanted
Look at what you started
Yeah look at what you started
