Tenderly

Lisa Stansfield

Hmm hmm hmmWords have been spoken
My heart has been broken
But maybe not this time
Not with you and me
Love's understanding has always been
Nowhere to be seen
But maybe not this timeDon't hurt my heart
Don't try too hard to be big and strong
Sweetly release meNo rough hands can satisfy me
Baby, I bruise easily
So feel it from the heart
And when you love me
Love me tenderly
Feel it from the heart
And when you love me
Love me tenderlyLovin' has hurt me
Deceived and spurned me
But maybe not this time
'Cos that was in the past
How I've been scared
To put my trust in something good that may not last
But baby, not this timeI know you won't hurt my heart, mmm
You won't try too hard to be big and strong
Just sweetly make love to meNo rough hands can satisfy me
Baby, I bruise easily
So feel it from the heart
And when you love me
Love me tenderly
Feel it from the heart
And when you love me
Love me tenderlyLove me tenderly ooh
Feel it from the heart
And when you love me ooh
Love me tenderly
